1. Agenda

2nd transnational project meeting Conservation of food

24th March 2019 (Sunday - arrivals)

Meeting teams from Germany, Guadeloupe and Lithuania at Budapest Airport

Students - accommodation at the host families.

Teachers - accommodation at the Park Hotel Hokovce

25th March 2019 (Monday)

8.30 – Meeting at school

9.00 – Official Welcome at school

10.00 – Presentation of Projects about drying and fermentation experiments

11.00 – Workshop - fermentation experiments with cabbage

12.00 – Free lunch at school canteen

13.30 – Workshop – discussion about drying herbs, creating Erasmus+ tea

15.30 – Short excursion around Demandice (possibly visiting the Office of the Mayor) 17.00

17.45 – Teambuilding activities

19.00 – Free time

26th March 2019 (Tuesday)

7.30 – Lessons according to the school schedule (only students)

8.30 – Geography lesson - Guadeloupe (students and teachers)

9.30 – Workshop – fermentation experiments with milk/curd

11.15 – Free lunch at school canteen

12.00 – Leaving for a trip to Levice

13.00 – Excursion to LEVICKÉ MLIEKÁRNE a.s. (milk factory) – fermentation workshop

14.00 – Visiting Tekovské múzeum (regional museum) and Levice Castle

15.00 – Walk around the town Levice and free time

16.00 – Visiting Brhlovce

17.00 – Free dinner at the Park Hotel Hokovce – with sauna, swimming pool and bowling

27th March 2019 (Wednesday)

7.00 – Leaving for a trip to Vysoké Tatry (High Tatras) and Pieniny

The trip lasts about 3 hours and all activities will be arranged according to the weather conditions:

Cableway Starý Smokovec

Belianska jaskyňa (cave)

Hrebienok – Ice Cathedral (free)

Dinner (included in the halfboard) at Chata Pieniny

28th March 2019 (Thursday)

Breakfast (included in the halfboard) at Chata Pieniny

The treetop walk Bachledka– walking tour

17.00 – 18.00 - Return to Demandice

Dinner at the host family Park Hotel Hokovce

29th March 2019 (Friday)

7.30 – Lessons according to the school schedule (only students)

8.30 – Workshop – dictionary (teachers and students)

9.30 – Creating presentations about meeting activities, publishing on TwinSpace

12.00 – Free lunch at school canteen

13.30 – Meeting evaluation, certification, feedback

14.30 – Workshop

17.00 – Free dinner at school canteen & Goodbye party

30th March 2019 (Saturday - departures)

7.00 - 8.00 - leaving to Budapest airport (teams from Germany, Guadeloupe and Lithuania)

2. Minutes

The meeting in Slovakia lasted for five days with another two for arrivals and departures.

It was an activity meeting with students, which focus on Conservation of drying and fermentation. Twelve students from Germany, Guadeloupe and Lithuania met Slovakian students in Demandice. All students had a possibility to live in Slovakian families, to know the cultural aspects of the country and develop their English skills. Our first day started with an official welcome at Základná škola s materskou školou, Demandice 131 school. We continued with student presentation of projects about drying and fermentation experiments. All the posters were documented in a poster exhibition at school. These presentations were following by a fermentation workshop - experiments with cabbage. Students were in four groups, working together on experiment and on a worksheet. They needed to collaborate, communicate and write a protocol. The second workshop was concentrating on discussion about drying herbs and creating Erasmus+ tea. Each country brought their own dry herbs and they were mixing together for Erasmus+ tea. We create our own herbal by using ICT applications for creating descriptions about the ingredients and the way of preparations. We were also learning about the usage in meals and their medical benefit. For the preparation of the herbal tea we had a special vocabulary because of botanical names of the plants. Students improve their communicative and language skills. They discovered similarities and diversities of medical practices in different countries. Pupils became aware of the need and help of herbal conservation. The second day we had a very interesting geography lesson by the Guadeloupe team. We continued with another workshop for fermentation experiments with milk/curd at school. It was very interesting for all the students because they got a chance to make their own curd. It is important to follow all the instructions giving by the worksheet, to do a good experiment. Later on this day students and teachers visited Milk Factory in Levice, where they had a chance to get acquainted with the process of industrial fermentation of milk and to taste milk products. For exploring cultural and historical heritage of Slovakia everyone enjoyed the trip to High Tatras where we made snowmen, visited Belianska Cave, Ice Cathedral and had unforgettable Treetop walk Bachledka in the mountains. On the last day of the meeting students made presentations about the whole week spent in Slovakia. All the worksheets, presentations, posters, pictures and videos were publishing on eTwinning portal on Twin space pages. This transnational meeting ended with the evaluation online Google Form giving by the Slovakian school. We had fulfilled our tasks and reached the objectives. This meeting was about great people, hard work and beautiful memories.

3. Decisions

No.	Decisions / Tasks	Deadline	Responsible person, institution
1.	To post all the documents and prepared materials (posters, worksheets) on project Twinspace and website.	Till the meeting in Berlin	All partners
2.	To prepare Stop motion learning activity for teachers.	Till the meeting in Berlin	German school
3.	To organise dissemination of the meeting in Slovakia in schools' websites	Till the meeting in Berlin	All partners
4.	To prepare information about project activities for mid-term report.	Till the meeting in Berlin	All partners
5.	To prepare activities and programme for next project meeting in Berlin	Till the meeting in Berlin	German school

4. List of participants

The purpose of the activity: participation in 2nd short term students exchange

Dates: 25th (from) – 29th (to) March, 2019

Venue: Demandice Základná škola s materskou školou, Demandice, Slovakia

Teachers:

No.	Name	City, Country	Position
1.	Kerstin Kohl	Germany	Head of department, project coordinator
2.	Gigliola Rex	Germany	Biology – Chemistry teacher
3.	Sebastien Decool	France	Maths teacher
4.	Eric Pierrot	France	Engineering teacher
5.	Kestutis Motiejutis	Lithuania	IT teacher
6.	Loreta Jankauskienė	Lithuania	English teacher
7.	Frederika Bielekova	Slovakia	English teacher
8.	Zuzana Sadovska	Slovakia	History and Slovak language teacher
9.	Jana Dobrzanska	Slovakia	Science teacher
10.	Valeria Urbanova	Slovakia	Geography teacher

Students:

No.	Name	City, Country	Position
1.	Daniel Fritsch	Germany	student
2.	Leon Salmon	Germany	student
3.	Domenic Walla	Germany	student
4.	Merlin Willsch	Germany	student
5.	Kanel Sagenly	France	student

6.	Malala Van Putten	France	student
7.	Charlene Eustache	France	student
8.	Karen Pierre	France	student
9.	Simona Valytė	Lithuania	student
10.	Neda Vadakojytė	Lithuania	student
11.	Gintarė Maižiūtė	Lithuania	student
12.	Augustė Valytė	Lithuania	student
13.	Dominik Steinliber	Slovakia	student
14.	Olivia Kajasova	Slovakia	student
15.	Ema Veresova	Slovakia	student
16.	Matus Frenko	Slovakia	student
17.	Andrej Balaz	Slovakia	student
18.	Adrian Urban	Slovakia	student
19.	Hana Veresova	Slovakia	student
20.	Lenka Rybosova	Slovakia	student
